APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of 2.0 c.f.s. of the waters of the Carson River, in the proceedings now pending in the District Court of the United States in and for the District of Nevada, in Case No. D-183 entitled "The United States of America, Plaintiff, vs. Alpine Land & Reservoir Company, a corporation, et al., Defendants", and which right (2.10 c.f.s.) is presently set forth on page 89 of the Proposed Findings of Fact, Conclusions of Law and Decree of the above entitled case, under name of Steve Belli, is issued subject to the terms and conditions of any Decree issued thereunder, and with the understanding that no other rights on the source will be impaired by the change proposed herein; Provided, that if the final decree entered in the Federal Court in Said Case No. D-183, shall decree to said water right an additional amount of water over and above 2.10 c.f.s., that the Applicant shall have the right to make application to the State Engineer to amend this permit accordingly.

A substantial headgate, weir or other suitable measuring device must be installed at or near the new point of diversion to facilitate the measurement of water.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.10 cubic feet per second, or such amount of water that may be decreed under such right up to 4.0 c.f.s.

Actual construction work shall begin on or before November 26, 1954

Proof of commencement of work shall be filed before December 26, 1954

Work must be prosecuted with reasonable diligence and be completed on or before November 26, 1955

Proof of completion of work shall be filed before December 26, 1955

Application of water to beneficial use shall be made on or before

November 26, 1956. Proof of the application of water to beneficial use must be filed with State Engineer on or before December 26, 1956.
